

THE VIENNA WIRELESS SOCIETY

RELAY

Club Call K4HTA

Post Office Box 418

Vienna, Virginia 22180

NEXT MEETING: 9 February 1979 at 8 P.M. Vienna Community Center. No second meeting due to WINTERFEST.

WINTERFEST: 25 February 1979 in the Vienna Community Center. Any questions or problems concerning WINTERFEST please contact Director Bill Moran W4MIB at 936-6924. Help is needed to set up prior to WINTERFEST on 24 Feb 79 at the Vienna Community Center and help is needed after WINTERFEST. Come out and help want you, lets make this the best ever.

Elaine Phillips WD4LYP recently upgraded to Tech. Also Bob Bailey KA4BQE upgraded to General, congratulations to both.

KEYNOTES: By W4CIZ Hal Richman.
Since our scheduled speaker was unable to be with us for the January 26th meeting, I allocated an unusual amount of time to updating reports on domant matters and current activities including WINTERFEST. As a result time ran out all too quickly. Smitty, our program chairman, who offered to fill in the speaker's slot, had to cancel out as the business portion of the meeting approached 10:00 P.M. Ken Anderson, with a frequency counter, had prepared for a "Show and Tell" demo. Ken set with the same situation.

My compli ments to these two generous persons for standing by, on the ready, to share their expertice with us. Please hold on your services for back order. Thanks too, to VP Roger Seeman for following up so promptly and effectively on the name tags and, your volunteering the refreshments for the general meeting was also appreciated by all.

COMING EVENTS: Preliminary plans for VWS 4th of July celebration count down on WINTERFEST.

Ken Anderson will have his frequency/deviation counter available - bring allong your transceiver.
Discussion and concensus of membership on whether second meetings of month should or should not be continued.

SPEAKER SCHEDULE: March 9 - Ed Reddington, W4ZM
April 13 - James C. McKinney, Deputy Chief, Field Operations Bureau, FCC.

NOTE: To the persons who had QSL's to WB4GKN Enrico Davoli, Enrico has gotten back an Award (Italion) for the Club and participants in the Italion contacts. There will be an Aeards presentation given by Enrico . QSL's will be coming into the Club from Italion contacts.
